Mr. James B. MacRae
215 Church Street
Wilmington, N. C.

Dear Sir:

I have recommended to Superintendent E. W. Joyner of Swan Quarter, North Carolina, that you be employed as principal of the Hyde County Training School. I wish you would get in communication with him at once and see if the matter of salary can not be satisfactorily arranged. I am powerless to do anything in this line as I have absolutely nothing to do with salaries that any teachers receive. The reason I have been so interested in the Hyde County School is that I am a native of that county and have observed that the school has never functioned as it should. This has been due to the fact that we have never had a really efficient principal.

If you can make satisfactory arrangements to go to the county, I trust that you will be able to build up a good school there. This Division will certainly be glad to co-operate with you in any way possible.

Sincerely yours,

C/F

W. F. Credle,
Supervisor Rosenwald Fund.
